Dear Alex:

On behalf of the Board of Directors and the members of the Canadian Solar Industries Association (CanSIA), I would like to thank you so very much for participating on our opening CEO's plenary session at our 2008 conference which took place in Toronto last month.

This session, which reflects a similar session held at Solar Power, is now a must on our agenda. Your reflections and candour were much appreciated by all of our delegates. As you know, this conference attracted record numbers and the audience included industry colleagues, officials from the federal and many provincial governments, international participants and the legal and investment community as well as the media. I just received a note from the Dutch Embassy and the person who attended told us that he learned more in two days than he had in 40 years! Your participation helped guarantee our success.

I would also like to thank you for the support that we receive from Mondial. Your company participates effectively every time we ask and the quality and dedication of the volunteers is the hallmark of a successful trade association. Of course, Patty has made an enormous contribution on the Board and we are so pleased she agreed to serve as the Chair this year.

I wish you and your colleagues at Mondial a happy and successful 2009.

Sincerely,

Elizabeth A. McDonald
President
